Law Clerk Comments

The Appellant's Brief is rejected for the following reasons:

1. Footnotes in text and body must be consistent in font and size.
2. Appellant must add summaries or quotations for statutes, constitutional provisions, etc. that appear in the "authorities" section.
3. Appellant must include a list of all parties.
4. Please correct pagination. Jurisdictional statement should be on page 1, and the prior pages should start with: "i, ii, iii.." etc.
5. Please include a citation for *every* factual assertion. *See* Rule 212(a)(8)(B).
6. Appellant must reference the record in the argument section. To list out every single absence would be repetitious. By way of example, I have listed all the missing excerpts from the record on page 10:
 - a. The first sentence: "...the father is a minimum of 132 in odd years and 133 in even years."
 - b. The second sentence in the first full paragraph: "Here, the father has clearly exceeded the threshold..."
 - c. The second sentence in the last paragraph: "the father timely filed his motion..."
 - d. The last sentence in the last paragraph: "The court initially failed to act..."

The Appellant's Excerpt of Record is rejected for the following reasons:

1. Pagination must be centered on the bottom of the page.
2. Printing must be single-sided.
